

Chairs with Flair - COVID-19 Safety Protocol

In addition to following all provincial health orders from the provincial health officer and following the guidance of BC Centre for Disease Control, we have taken the following proactive safety measures:

- ❖ All team members must check in before the start of their shift to confirm that they are not displaying symptoms of COVID-19 (e.g., fever, cough, sore throat, sneezing).
- ❖ Team members who have travelled will not be scheduled until the 14 day self isolation period is complete and no symptoms of illness are present.
- ❖ Staff will be required to wash their hands and use hand sanitizer frequently. Hand sanitizer will also be given to each of our team members for use before and after handling chair covers/linens at each event set up/tear down.
- ❖ Gloves will be worn by tear down staff.
- ❖ Our team members will wear a mask when on site, if social distancing cannot be achieved.
- ❖ Post event protocol is (as it has always been) that our chair covers and linens are professionally cleaned and repackaged after every use.
